

BETA Club Service Hours Guidelines

Definition of Service

Service is a volunteer-based action performed without compensation, intended to benefit others beyond oneself, including:

- The school community (students, faculty, facility, etc.)
- The surrounding local community (neighborhood, city)
- Broader causes at the state, national, or global level

It includes both direct action (doing something hands-on) and indirect support (raising awareness or funds for a cause).

What does not qualify?

In general, if it is done for yourself, your family, your friends, or for the club itself it does not qualify as service to your community. If it is a school or class mandated activity, it will not qualify as service to your community. If it is any paid opportunity, it does not qualify as service.

What does qualify?

In general, if it is done freely, voluntarily, and is done as a service to the community, it should qualify.

How many hours?

Each club can specify the number of hours and provide guidelines for their club. At CRHS you are required to do **20 hours of community service** per school year. This can be done from **June 1st until April 15th.**

What will our club count as hours of service?

Each club can also specify what will and will not be counted as hours. At CRHS we are providing a table for you with guidelines for what will and will not be accepted.

Based on National Beta Service Guidelines:

Guidelines for Service Hours

General Guidelines

- All service hours must include an adult supervisor name and contact information (an email or phone number). If none is provided, it will be rejected. You may resubmit with correct information.
- All service hours must have an adequate description of the service.
- All service hours must have a picture that shows proof of what you did. Your picture must clearly show you at the event that you posted. If the picture doesn't match the service or show a certificate that you did the hours, it will be rejected.
- Only count hours that you actually worked. Do not count hours at an overnight camp that you slept or were not working. Do not count an hour for flex if you only worked ½ hour.
- If you did multiple days at an event, please post each day separately with a separate picture.
- **Hours must be turned in by the deadline of April 15th, 2027. We will no longer be doing probation. If you don't do the hours on time, you will not be in Beta.**

Online Hours ("Virtual" tab in InnerView)

We will not be accepting online ("Virtual tab") hours for Beta Club hours.

If there is anything that InnerView offers as online hours that is a good opportunity for everyone in the club, please email Dr. Ralph (ralphj@fortmillschools.org) and we can post it as a Beta Posted opportunity.

Donations

We highly encourage donating to local events and charitable organizations, but also want to encourage students to be active in their community. **Only 5 of your 20 hours should come from donations.** Be sure you are following the guidelines for hours for donations.

Individual Hours

We encourage you to pursue individual activities as part of your Beta Club hours. Be sure these are activities that are serving your community, not your family or friends. In general, the following types of activities will **NOT** be accepted:

- Babysitting, pet sitting, house sitting, fostering animals, lawn care for family or neighbors, any household chores, tutoring your family, friends, or classmates.
